## Updated athletic information on Gateway Website

**Huntington-** Changes were made to the athletic page of the Gateway Regional School District website. There is now a link to the gym and game schedule on the page. However, both are subject to change with the weather and the MIAA link is still the most reliable. A contact page has been added with coaches email addresses.

Athletics information may be found on the Gateway website ([www.grsd.org](http://www.grsd.org)). The link to the athletics page is on a yellow drop-down tab on the top, right of the home page.
