## **Gateway choirs to host family movie night**

**Huntington** – On Friday, Feb. 15, the Gateway choirs will be hosting a family movie night and bake sale at 6 p.m. in the Gateway Performing Arts Center (GPAC). Admission will not be charged, but donations will be gratefully accepted at the door. Funds raised will help defray the cost of their competition and field trip to New York City.

The film will be Disney/Pixar's *Finding Nemo* (rated G). Marlin, a clown fish from the Great Barrier Reef and overprotective father, loses his son to a mysterious diver and must travel across the ocean in order to find him. Join us for a story about a physical and emotional journey, and about a father who will do anything for his family.

This event is an excellent opportunity to witness the newly renovated, state-of-the-art projection system paid for by the Shipman Memorial fund of the Gateway Education Foundation; this is also the first film to be shown with the GPAC's new sound system.
