Kindergarten Screenings in May

Huntington – Chester and Littleville Elementary Schools will hold Kindergarten Screenings for children who will be age 5 on or before September 1 and are planning to enter our free, full-day Kindergarten program at one of the Gateway elementary schools this fall. Screenings are by appointment only and parents must call their school to schedule.

At this time, any parent who has a child who will be age 5 on or before September 1 is asked to call the school so they can get their registration packet. If you live in the towns of Blandford, Chester or Middlefield, please call Donna Morrissey at 685-1360. If you are from the towns of Huntington, Montgomery or Russell please call Jodi Fairman at 685-1301 for your packet. Packets will be mailed out in mid-April and will include instructions on scheduling your appointment and paperwork to complete and return at your appointment.

Children from the towns of Blandford, Chester and Middlefield will be screened on Tuesday, May 21 at Chester Elementary School. There will be no Kindergarten classes at Chester that day.

Children from the towns of Huntington, Montgomery and Russell will be screened on Monday, May 6 at Littleville Elementary School. Again, there will be no Kindergarten classes at Littleville on May 6.
