

PARENTS' RIGHTS & RESPONSIBILITIES

Plus Developing an Effective IEP

This engaging workshop is designed to help parents learn to be effective partners with schools in their children's special education.

The Gateway SEPAC welcomes back guest speaker **Angela Ferreira** who will provide an introduction to parents' rights and responsibilities under current federal and state special education laws. She will also review tools to help parents participate with their child's school in the creation of effective IEP and 504 plans for their children.

February 15 ~ 6-7:30pm

This presentation is free and open to the public.
