A Summary of the Week (March 14–March 20)
for Parents/Guardians

While we are all facing challenges to our daily routines due to the COVID-19 pandemic, I’m proud of the work being done by all of our staff to help students and parents stay connected to the schools and in providing educational enrichment activities, meals, and social-emotional support. As a community, we are exceeding the current guidelines of the state and federal leadership, and that is due to our staff continuing their jobs in an outstanding manner, our parents and students being patient and understanding as we work through the many unknowns in this new environment, and our ability to deal with change in a rational manner. Please use the following information to reach out for help whenever needed, follow CDC guidelines for health and wellness, and support each other as much as possible through methods that don’t require physical contact. As part of our commitment to families and our towns, we will be connecting with you weekly using the format of this issue of the “Summary of the Week”.

—David B. Hopson, GRSD Superintendent of Schools

Information we’ve sent out—also available here at: grsd.org/Content2/covid19:
- **Meal Program Update**: All students are now eligible for free pickup meals from Gateway.
- **At-home Technology / Chromebook Guidance**: Student use is secure, encouraged, and monitored.
- **Update on School Closing**: All MA schools closed through April 7, our last day will be June 17.
