Gateway Education Foundation launches Giving Tuesday Campaign

Huntington — Attention staff, parents, alumni and community members! On November 28, the Gateway Education Foundation will be taking part in Giving Tuesday, a global day of giving fueled by the power of social media and collaboration. Giving Tuesday is going into its sixth year, with the goal of inspiring generosity and kindness through nonprofit organizations. To learn more about Giving Tuesday, visit www.givingtuesday.org

The Gateway Education Foundation began funding staff led projects in 2012, to enhance the education of Gateway students. The foundation has given life to wonderful projects such as the Chester Elementary School musicals, and elementary literacy and summer reading programs. The foundation also co-funded (along with the Local Cultural Councils) “Pots on Wheels”-- a pottery project for the elementary schools where students could learn about the art of pottery. High school projects and clubs such as Model United Nations, Girls State and the new Outdoor Club have also been supported.

The Gateway Education Foundation relies heavily on donations from Gateway staff, parents, alumni and community members, in order to continue funding projects. To learn more about the foundation or to make an online donation (minimum of $10), visit www.GatewayEducationFoundation.org. Or simply mail a check (payable to the Gateway Education Foundation) to 12 Littleville Road, Huntington, MA 01050. Donations are tax-deductible.

Mark November 28 on your calendar and get involved with Giving Tuesday!
