College planning night for Gateway seniors

Huntington – On Wednesday, September 20th, the Gateway Regional High School Guidance Department will be hosting an evening workshop to help pave the way for seniors who wish to attend college next year. The workshop runs from 6:30 – 7:30 p.m. in Middle School rooms 112/114, and is open to Gateway seniors and their parents/guardians. Pizza will be served for those who attend.

Applying to colleges is a major task and can be quite stressful! This workshop will help both students and parents understand the requirements that need to be fulfilled when applying to college. Many topics will be covered: creating a college list, understanding admissions policies, college entrance testing, the application process, writing essays, financial aid, college visits, preparing for admissions interviews, and the guidance office’s procedures for mailing application packets.

Ms. Wasiak and Mrs. Case, Gateway’s Guidance Counselors, will host the event. They will present information and answer questions.

“This is an exciting time for seniors,” said school counselor Ms. Wasiak, “but it can also be a very overwhelming time, so we want to support students and parents during the college application process.”

College planning guides will be handed out along with other important materials during the presentation, and will be available in the Guidance Office for those who cannot attend.

If you are interested in this workshop, please RSVP to the Guidance Office by signing up in person, calling the office at (413) 685-1107, or sending an email to jiglesias@grsd.org.

We hope to see you there!
