Gateway ‘2025’ to reconvene April 12

Huntington – Gateway’s long-range visioning process continues on Tuesday, April 12th with its second public meeting for students, staff, parents, alumni and community members. A light supper (likely pizza) will be served at 6 p.m. in the Gateway cafeteria. Childcare will be available from 6:30 – 8 p.m. while three topics are discussed: (1) marketing Gateway programs to the public; (2) developing additional student opportunities, and (3) increasing parent support and involvement. Participants will rotate through all three topics.

These were all priority areas identified in the survey held last fall (with 211 taking part) and at the first forum held in February (70 people attending).

So that we can order food and arrange childcare, everyone is asked to please RSVP by April 11. An online RSVP form is available as a quicklink on the Gateway homepage.

You do not have to have attended the previous meeting to take part on April 12th. To look at the ideas that have been discussed to date, please go to the Gateway 2025 information webpage (www.grsd.org under the “news” drop-down menu).

Gateway 2025 is a planning process to look at the future of the Gateway Regional School District. It is based upon a similar process (Gateway 2015) completed in 2005, which led to a final plan. Gateway achieved 85% of the stated items in the Gateway 2015 plan over the past ten years.

Everyone’s voice is important! Please consider joining us at Gateway on the night of April 12th to shape the future of the Gateway Regional School District.
